AiUP
by Quantiphi

AI-led Intelligent Underwriting Platform (AiUP)

dociphi™ A Quantiphi Product | **unqork** | **Google Cloud**

Automate your mission-critical workflows, and complete the underwriting journey from application request, to submission intake and triaging, to risk scoring and quote management in a matters of days with AiUP

Transform End-to-End Underwriting

Intelligent document processing
Effortlessly classify and validate complex documents, extract critical information and leverage robust document comparison features to simplify complex data reconciliation tasks

Data enrichment
Reinforce and enrich your data with 3rd party data sources for more informed decision-making

GenAI based assistant
Leverage LLM-powered assistants to aid underwriters in evaluating and prioritizing risks and get access to information quickly and concisely

Efficient risk evaluation
Enhance risk assessments and Boost Efficiency with intuitive workflows

AiUP's Business Impact

Cut Down manual underwriting processes saving time and resources

Improve underwriting accuracy and risk assessment, leading to reduced losses and **improved profitability**

Streamline **customer experience** with faster approvals and policy issuance

Utilize **machine learning algorithms** to assess risk and make underwriting decisions
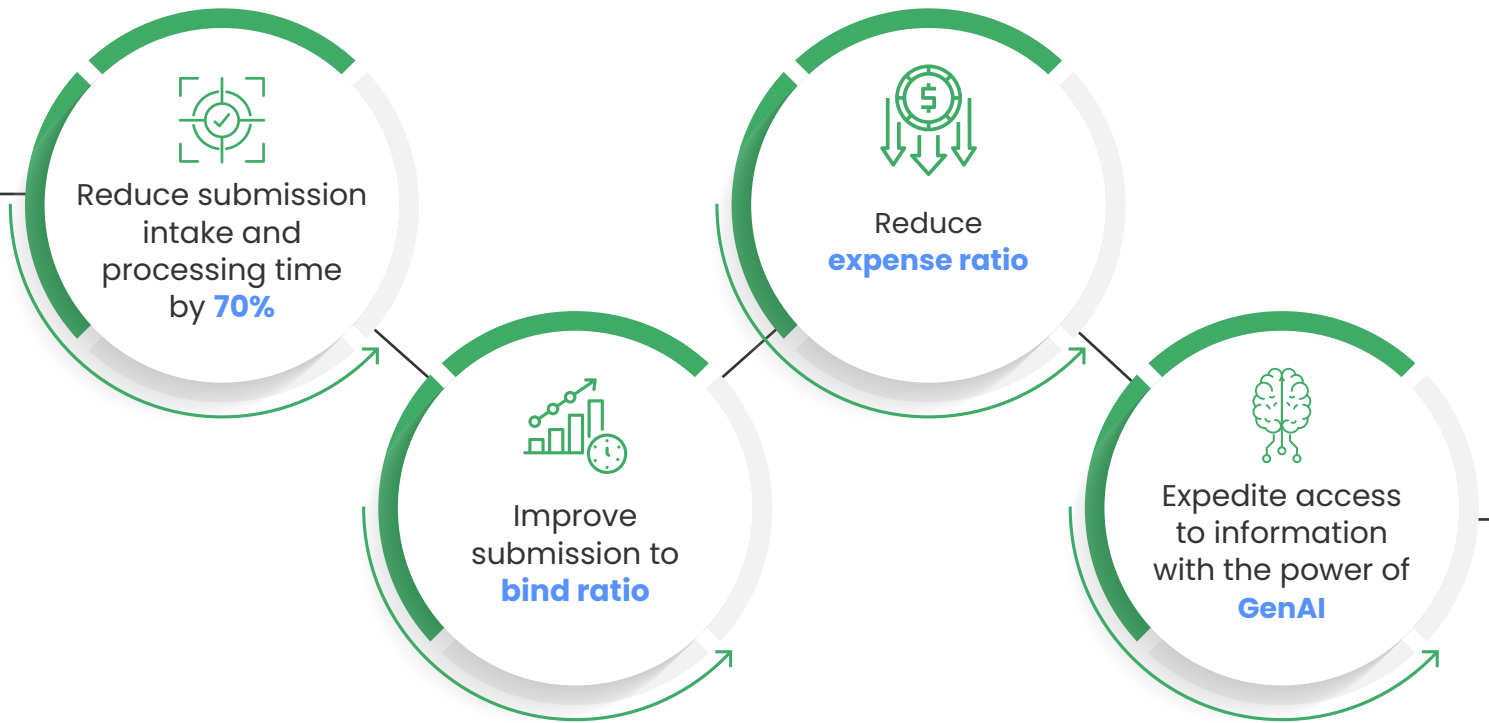

Automate the underwriting process, **increasing efficiency** and reducing manual errors
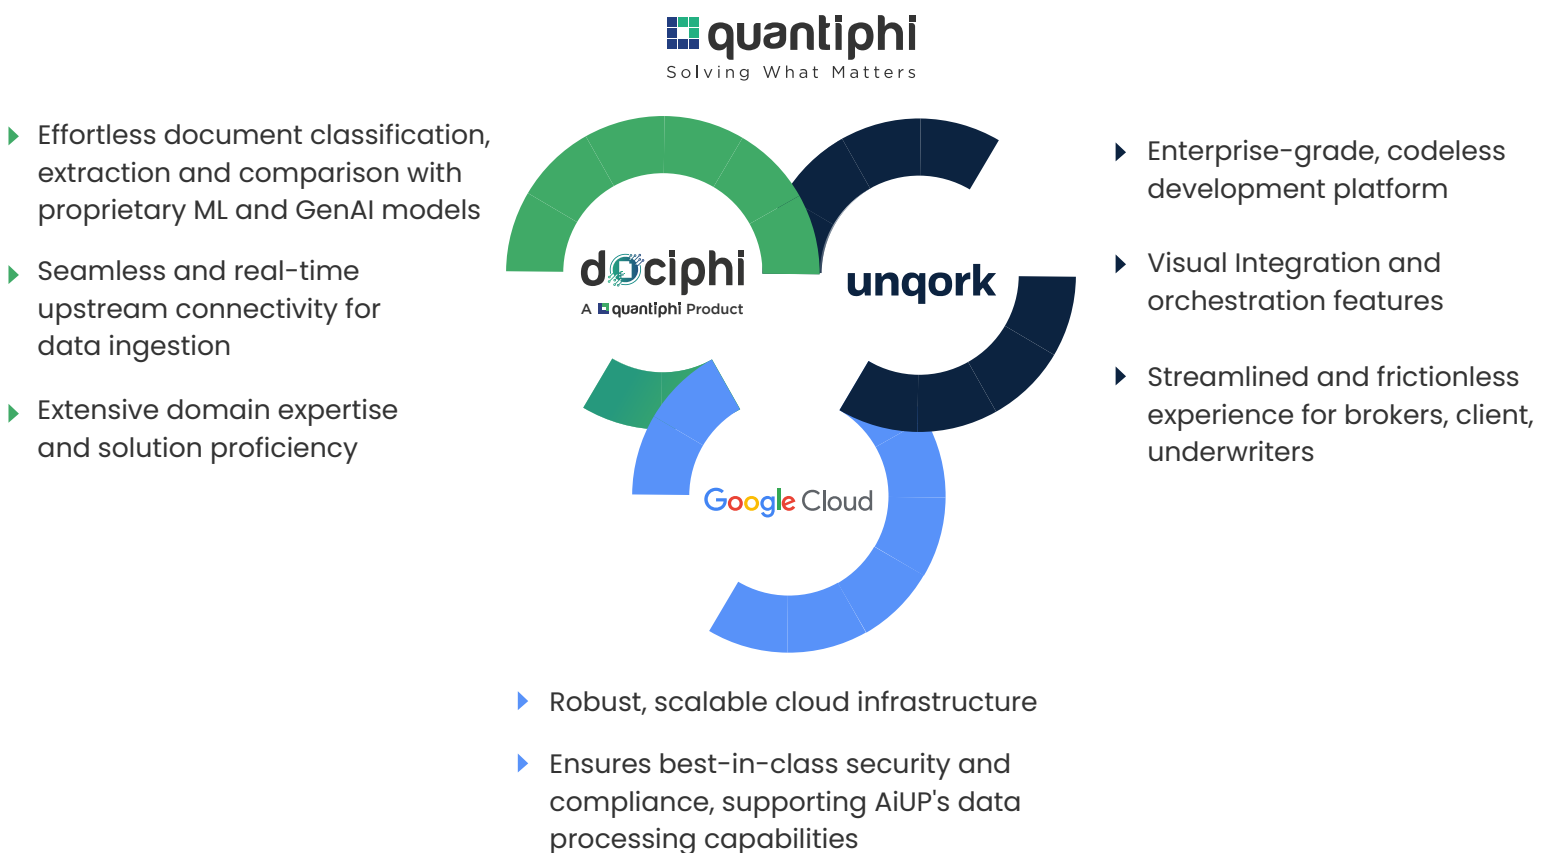

Provides **real-time insights** and **decision-making support** based on the latest data

Benefits of AiUP

Reduce submission intake and processing time by **70%**

Improve submission to **bind ratio**

Reduce **expense ratio**

Expedite access to information with the power of **GenAI**

Power of Three To Revolutionize Insurance Underwriting

Leverage Quantiphi's expertise as a leading partner to seamlessly integrate Dociphi with Unqork and Google Cloud for accelerated time-to-market

quantiphi
Solving What Matters

dociphi
A quantiphi Product

unqork

Google Cloud

- Effortless document classification, extraction and comparison with proprietary ML and GenAI models

- Seamless and real-time upstream connectivity for data ingestion

- Extensive domain expertise and solution proficiency

- Enterprise-grade, codeless development platform

- Visual Integration and orchestration features

- Streamlined and frictionless experience for brokers, client, underwriters

- Robust, scalable cloud infrastructure

- Ensures best-in-class security and compliance, supporting AiUP's data processing capabilities

The Digital Transformation Journey For Our Customers

Hack It
Brainstorm and synthesize ideas to address unsolved problems

Prove It
Deploy a Minimum viable model with limited data sources and assess possible business impact

Nail It
Develop a MVP, covering standard data sources. Integrate with relevant work streams

Scale It
Scale up functionalities, institutionalize AiUP platform capabilities within the enterprise

The Quantiphi DIfferentiators

GCP Solution Expertise across Platform, Infra, Data and AI
130+ GCP Expertise Badges
(#2 in NorthAM, #2 Globally)

Deep industry domain expertise
50+ Industry Solutions
(across 7+ Verticals)

Responsible AI principles engineered into every solution

ACORD Implementation Excellence Award, 2023

Quantiphi is an award-winning AI-first digital engineering company driven by the desire to reimagine and realise transformational opportunities at the heart of business. **Visit: www.quantiphi.com**
